WAREHOUSE MANAGEMENT

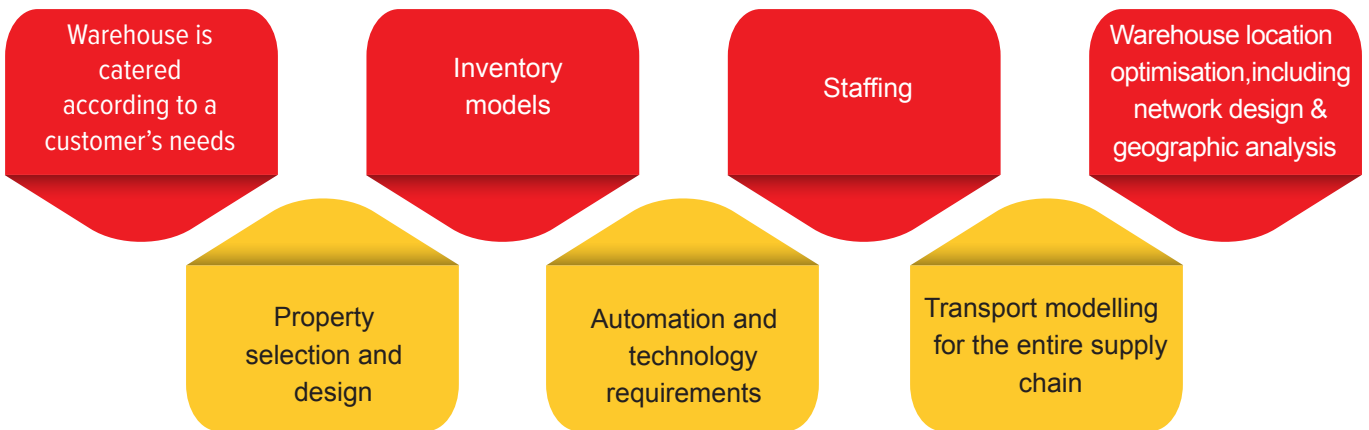

When you need storage, we offer practical solutions. You may need to store your goods for days, weeks, or months. We offer secure & affordable choices that works for you. When you need off-sitemoving storage, we provide a clean, secured storage with complete fire suppression, video surveillance, and restricted access. We specialise in providing customised storage solutions for our customers – dedicated warehousing space is available throughout our global network.

OUR WAREHOUSE DESIGN PROCESS

Our warehouse team uses a dedicated approach to ensure we deliver a solution that provides our customers with operational excellence, efficiency and flexibility in their businesses.

WE UNDERTAKE QUANTITATIVE ANALYSIS

DISTRIBUTION

Our customised and value-added distribution services can help our customers to improve speed to market, reduce operating costs and manage inventory levels more effectively. Our distribution services can be provided as part of a fully integrated supply chain solution or as a standalone service, using shared or dedicated fleets and facilities. We also offer scalable solutions to

meet demand fluctuations. And our fully integrated technology-based warehouse and inventory management systems give you complete visibility throughout the distribution process, providing accurate stock monitoring and more efficient stock rotation.

CREW TRANSPORTATION / CREW SIGN ON & SIGN OFF

Blue Wave Shipping recognizes the need to support its seaward side of marine personnel and crew transfers using its "Crew Transfer Solutions" via Car, Van, or Bus. As a local transporter, our company understands the characteristics of the local market and we comply with the international standards to be your most reliable transport partner in Malaysia.

SHIP SPARE IN TRANSIT

Blue Wave Shipping has earned the reputation in this business for its speedy, reliable and efficient clearances and deliveries of urgent ship spares. Many major ship owners, ship management companies, ship builders & manufacturers trust Blue Wave Shipping to get their goods delivered to the vessel on time.

Whether it is a critical spare part delivery or simply a case of meeting a delivery deadline, Blue Wave Shipping offers pre-clearance of imported merchandise. Air and sea freight consignments of

spares that are marked as spares "in transit" are delivered directly to the vessel 24/7 every day of the year. Blue Wave Shipping can ensure that your goods will not only make to the flight, but also clear Customs upon arrival before delivering them to you or your client.

Sometimes for certain deliveries, the only option for goods to be delivered is via hand carry onboard on an aircraft or charter. It is not always as simple as it may appear yet at Blue Wave Shipping, we understand the meaning of a deadline!

SHIPS AGENCY

Providing agency, husbandry and taking care principal interests.

Matching real time, on the ground, local knowledge and expertise with our strict operational standards, whether it is your vessel, crew, cargo, or cash we're looking after, our team can be relied on to consistently make your port calls as efficient as possible. We use our expertise to make your everyday life more convenient and productive vessel turn time.
